It is expected that you complete this homework <b>every week</b> to help you learn more! Teachers will track your progress on the online portals. If you do not complete your weekly homework, <b>you will need to complete it at break time.</b>			

Over this term we would also like you to choose a minimum of **2 different** activity tasks. We hope that this style of homework, will encourage everyone to take part and give parents a chance to become more involved in working with their children on fun, creative and exciting activities. Children's completed homework tasks will be recorded and monitored. Homework can be completed in homework books, or photographic evidence can be submitted through Class Dojo. If no homework is completed by week 3, children will be asked to complete homework at break time.
