Dear Parents, Carers and Children,

It has been another incredibly busy and successful month at Magdalen, and I continue to be amazed by the hard work, determination and enthusiasm shown by our children. I am delighted to share that we have achieved our best-ever results in the Multiplication Tables Check, Phonics Screening Check and Early Years outcomes – see our Facebook Page for more details! These fantastic achievements are a testament to the dedication of our pupils, staff and families working together.

Throughout June, children have enjoyed a wide range of enriching experiences, from Reception's boat-building activities and Year 2's plant life cycle learning, to visits to local secondary schools for our Year 5 class. We also celebrated Thank a Teacher Day, where children showed their appreciation for all the adults who help make our school such a special place.

Thank you for your continued support as we look forward to an exciting end to the school year.

LAAT

# Making boats at Pop-In

**The reception children love working with their grown-ups each Friday afternoon!**
**During one Pop-In session, we made boats using junk materials and then tested them to see if they floated.**

# PLANT LIFE CYCLE

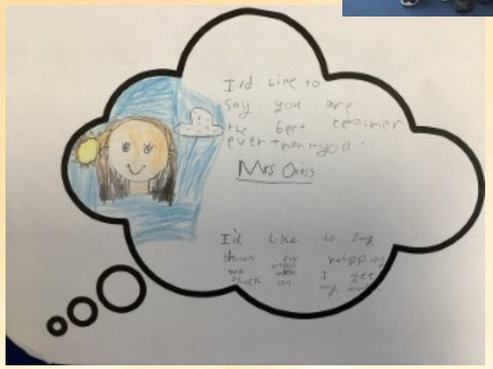
Year 2

The Messengers have had a busy time visiting Skegness Academy and Skegness Grammar School; getting ready for the transition to secondary school.

As part of 'Thank a Teacher' Day on Wednesday, the school took part in a range of activities to recognise and appreciate all the adults who support us every day. We discussed how many different people contribute to our school community, including the office staff, kitchen team, site manager and the adults in our classrooms. The children reflected on the many ways these individuals help us, from keeping us safe and well-fed to supporting our learning and making school a happy place to be. To show our gratitude, we created thoughtful thank you cards and colourful pictures for the adults around school. This was a lovely opportunity for the children to express their appreciation and to recognise the important roles that so many people play in their daily lives at school.

Real World Maths

KS1 Thank a Teacher Day 2026 - Resource 5



I'd like to say you are the best teacher ever thank you!
Mrs Oates
I'd like to say

# MOVIE TIME

The children in Year 1, 2 and Reception had a great treat at Mini Movie Fun Time! We played outside, watched a mini movie and ate hot dogs! Thank you to the staff who made this possible!

Eco-Schools

We did it!

Green Flag

**Our amazing Eco-Club have worked so hard to enhance our school and reduce our Carbon Footprint which has been recognised by this amazing award!**

**There has been a real shift in our school culture, with a greater emphasis on outdoor learning, getting many more children involved through a developing Eco-curriculum and greater appreciation of nature and our amazing outside school spaces - keep watching for further updates!**

**Well Done!!  We are all incredibly proud!!**

# Online Safety Reminder

We have recently noticed an increase in pupils across Key Stage Two reporting that they have been sent inappropriate and explicit images via social media platforms such as WhatsApp and Snapchat. This is understandably concerning, and we want to work together with you to keep the children safe.

We kindly remind all families that these apps have a minimum age requirement of 13+, and it is important that children only access them when they are developmentally ready and with appropriate supervision. As parents and carers, you play a vital role in helping your child understand how to stay safe online, including monitoring their use of devices and discussing what to do if they receive something upsetting or inappropriate.

We are here to support you with this and encourage open communication between home and school. If you have any concerns or would like guidance on online safety, please do not hesitate to contact us.

While we will always take a supportive approach, we also have a duty to safeguard all pupils. Where there are serious concerns about a child's exposure to harmful content or lack of appropriate supervision, we may need to seek further support from external agencies, such as social care, to ensure children are protected.

Thank you for helping us keep our children safe both in and out of school.

STAR OF THE WEEK

# Time to celebrate our achievements from the past month...

**5th June 2026**

Reception : Bobby for some great work in Jigsaw PSHE

Year 1: Summer for super work all week, especially in phonics
