

Family Learning 2017 - 2018

Family Learning trip to the Eco Centre

The Family Learning Group have had lots of fun each Friday morning during Family Learning sessions. The grown-ups have learned all about SPAG (spelling, punctuation and grammar) so that they can support their child's learning at home. The children have had the opportunity to show their grown-ups how clever they are during sessions that covered topics such as handwriting, phonics, ICT, music, etc. Here are a few photographs to show the activities that we have enjoyed.
