

Home Learning in the Event of a School Closure : Reception Class

In the event of a school closure, I would like to outline the learning opportunities for children at home.

All communications regarding school information eg letters, can be found on both the school website and also on Tapestry.

Mrs Mills will post weekly home learning tasks on Tapestry – please check your Tapestry account each week and post your child’s learning on their account. Mrs Mills will comment and provide extra challenge or support as appropriate.

In addition ...

Maths : useful home learning activities and videos can be found at

<https://whiterosemaths.com/homelearning/early-years/>

English : Please continue to practise your child’s word cards and letter cards with them at home. Guidance on Phonics and reading support can be found at

<https://www.pearson.com/uk/learners/primary-parents/literacy-and-phonics.html> - alternatively, please contact Mrs Mills for additional support.

Outdoor Learning : As you know, a lot of our ‘best’ learning happens outdoors! Some practical ideas for outdoor learning can be found at

<https://www.twinkl.co.uk/resources/early-years-class-management/school-closure-home-learning-classroom-management-eyfs-early-years/outdoor-learning-school-closure-home-learning-classroom-management-eyfs-early-years>

There are many more ideas for different areas of learning on this site too.

For information on how your child learns – and how you can support them at home – please search ‘Google’ for – **‘What to expect when eyfs’** and you will be able to download the booklet that we gave you when your child started school. This information covers all areas of learning, details what to expect at each stage, and offers advice, and additional websites, to show how you can support your child with their learning in a meaningful way.

Above all else – please remember to talk to your child, *encourage meaningful conversations*. Use this as an opportunity to encourage their problem-solving skills through play.

If you require any support regarding helping your child to progress with their learning, you can contact me through email which is anita.mills@magdalen.lincs.sch.uk

Take care, stay safe,

Anita Mills
